## ICE HOCKEY CLUB

Dear Friend/Neighbor of FAU,

Did you know that Florida Atlantic University has an Ice Hockey Club? The team is comprised of FAU student-athletes all over the United States, Canada, South America and other areas and is part of the Collegiate Hockey Federation (CHF), a division of the Amateur Athletic Union (AAU). The OWLS compete within the College Hockey South Conference (CHS) which includes team such as Alabama, Auburn, Clemson, Florida, Florida State, Georgia, Lynn, Ole Miss, South Carolina, and others. Practice begins the very first week of classes in August in preparation for the 25+ multi-league games, the CHS Tournament, and the CHF National Tournament.

Since it is a "club" team, the University provides very limited funding. The student athletes have to cover all expenses related to team operations, uniforms, equipment, rink time, travel, referees, etc., approximately \$3,000 per player. Frankly, the team cannot exist without the financial backing of the local community. We seek to reduce the student athlete costs by raising money through donations, sponsorships, community support and other fundraising efforts.

The Club is supported entirely by volunteers, friends, and our players themselves. We ask that you consider being a sponsor for your home team. Your assistance will make it possible for the athletes to participate in the game they love and represent FAU and the local Community in the national spotlight. If you can donate towards our efforts, we will provide all the items included in the various sponsorship packages available. We can also customize a package to meet your individual needs!

Thank you so much for considering this great partnership opportunity. It is the help of supporters like you that enables the student-athletes to continue playing the sport they love.

Sincerely,

Mark Rubin  
Advisory Board Member  
Florida Atlantic University Ice Hockey Club
